

Introduction:

The Managing Director Mr. Basavaraj N.K started the industry in 2001 as a sourcing cum Tool development office. On continual effort and self-confidence, after few years he was given a position in the Modern technology segment to flourish and setting up a small work shop. He was successful in this role and was assisting in the running of small sized Machine shop together with the MS & SS Fabrication Company.

After a great deal of thought he decided that the opportunity and chance to use his own ideas to create the business successful, and took a challenge to further grow and make a systematic and well-disciplined organization structure using his own knowledge & rich experience of the industry successfully extended the scope of work in Year 2010 and put the foot print in Export business to Global market. Results paid him with the uptrend in the Overall turnover and sales.

Directors Message:

LBS Automation Systems have uniqueness in manufacturing segment, And are specializes in Steel & Stainless steel fabrication. Our niche is to manufacture components with precisions that normal shops may find "difficult" to achieve. Some of our major customers are largest companies in and around Bangalore, India where the components need to be extremely accurate and precise.

Core Competence:

Machined components

Stainless Steel General Fabrication

Stainless Steel Fabrication for Bioprocess industries

Manufacture of Special Purpose Machines

Tooling Solutions

Fabrication for Weighing industry

Panel Boards

Jigs & Fixtures

Rubber & Plastic Molding with Silicone, Nitrile, EPDM etc.

Glass Bead Blasting

Castor Wheels S.S.

Fabrication Division

- Shearing Machine
- Hand Operated Shearing Machine
- CNC Bending Machine
- Cut off Machine
- Base Plate Jig
- Arc Welding Machine
- MIG Welding Machine
- TIG Welding Machine
- Hydraulic Press
- Fly Press
- Buffing Machine Flexible
- Buffing Machine Motorized
- Glass Bead Blasting

Machining Division

- Band Sawing
- Power Sawing
- Lathe Cone Pulley Type
- Lathe Speed Belt Type
- Milling Machine
- Rubber Molding Press
- Bench Grinder
- Drilling Machine
- Tapping Machine
- CNC Turning Centre
- VMC Milling Pallet size 350mm X 600mm
- VMC Milling Pallet size 510mm X 1050mm
- VMC Milling Pallet size 720mm X 380mm
